

F Netzwerk Feuerwehrfrauen

25th German Female Firefighters Conference

The 25th Congress of Fire Service Women will take place from November 02nd – 05th 2017 in Berlin. The Congress aims to facilitate communication exchange and the advanced training of female fire fighters. The participants come from all categories of professional, full-time, industrial, volunteer and county fire brigades. In recent years it has also been our privilege to welcome colleagues from other countries. The program offers a mix of theoretical and practical workshops in all areas of fire fighting. However, sports, self-awareness, personality development and women's issues are also on the program. There is time scheduled to share experiences. The planning and implementation of the congress is organized by the Netzwerk Feuerwehrfrauen and the Berlin Fire Department.
